AIRBUS

DEPLOYABLE COMMUNICATION & INFORMATION SYSTEM

ALL-IN-ONE MISSION READY SOLUTION TO OPERATE WITH CONFIDENCE IN AN UNPREDICTABLE WORLD

AN ECOSYSTEM BEYOND THE TRADITIONAL DEPLOYED DATA CENTRE

Secure

Protects sensitive data and operations

Modular

Adaptable to any mission scale

Scalable

Grows with operational needs

Deployable

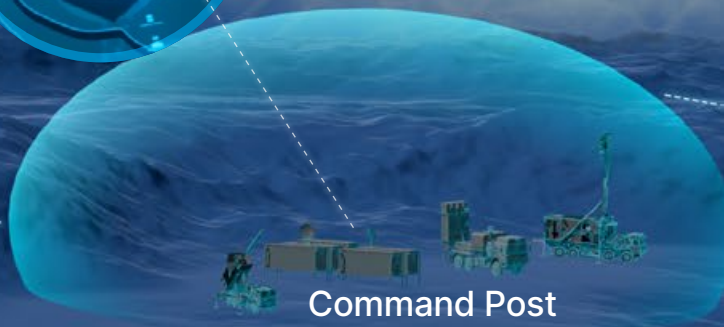

Ready anywhere, anytime

Sustainable

Built for long-term missions

EMPOWERING DEFENCE FORCES TO:

- Rapid deployment to any theatre of operations
- Reliable secure communications under any conditions
- Interoperability with NATO and allied forces
- Future-proof technology that evolves with new challenges

Command Post

Secure Information Flow

Static Infrastructure

Including power, physical infrastructure and security. Optional biological and chemical protected elements.

ACHIEVE INFORMATION DOMINANCE

COMMAND & CONTROL

- Seamless connectivity between units
- Fast deployment, real-time awareness

RESILIENT & AUTONOMOUS

- Reliable data flow in contested environments
- Autonomous cloud & edge computing

MODULAR & SCALABLE

- Scalable resources on demand
- Higher mission efficiency, lower costs

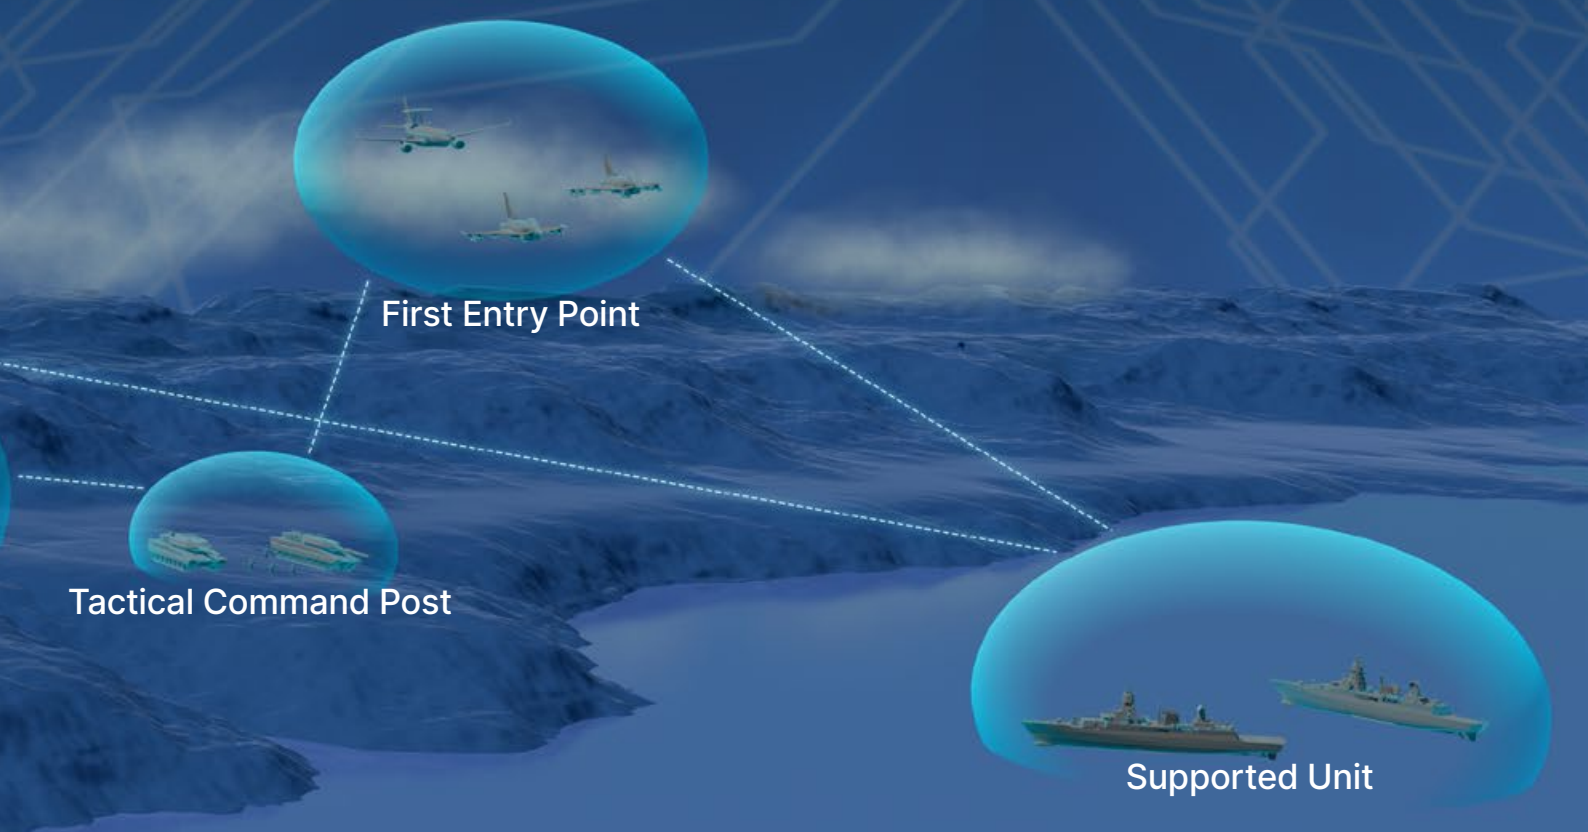

INTEROPERABLE

- Joint multinational operations
- Federated Mission Networking

SECURE

- Cyber & physical security
- Multi-layered protection: data, networks, services

First Entry Point

Tactical Command Post

Supported Unit

ADAPTABLE BY DESIGN. PROVEN IN THE FIELD.

A STRATEGIC CAPABILITY & PARTNERSHIP EVOLVING WITH YOUR MISSION, ENVIRONMENT AND PARTNERS

- For every command level, from first entry to large scale deployments:
Static HQs, Deployable and Tactical CPs, and Light Entry Forces
- Flexible by design, modular and scalable
- Multi domain secure
- Military Service (DCISaaMS), allowing forces to focus on their
core mission, not on managing technology

**Uninterrupted, secure, and resilient
connectivity - the backbone of Command and
Control, from peacetime to crisis and war.
Anywhere, Anytime.**

PROVEN EXPERIENCE

30+ YEARS

OF MISSION SUPPORT:
IFOR, SFOR, KFOR, ISAF...

20 YEARS

OF NATO PARTNERSHIP

DEPLOYED IN

PEACEKEEPING & TACTICAL
OPERATIONS GLOBALLY
